EDUCATION

New York University, Tisch School of the Arts Expected May 2027

Master of Professional Studies in Interactive Telecommunications (ITP)

Focus Areas: Interaction Design, UI/UX Design, Physical Computing & Hardware Prototyping, Creative Technology, Inclusive Design

Capital Normal University Sep 2019 – Jun 2023

B.A. Digital Media Arts | Minor in English Language & Culture

GPA: 3.61/4.0 (major)

SKILLS

UX & Product Design: User Research, User Flows, Information Architecture, Wireframing, Prototyping, Usability Testing, Design Systems, Accessibility & Inclusive Design

UI & Visual Design: Interface Design, Responsive Web Design, Interaction Design, Motion Design, Immersive Experiences, Photography, Video Editing

Creative Technology & Development: HTML/CSS/JavaScript, Unity (C#), Arduino, Processing/p5.js, Data Visualization, Projection Mapping, Motion Tracking, Leap Motion

Design Tools: Figma, TouchDesigner, Adobe Photoshop, Illustrator, After Effects, Premiere Pro

3D & Fabrication: Rhino, Blender, 3D Printing, Laser Cutting, Physical Prototyping, Multi-material Fabrication

Languages: Chinese (Native), English (Fluent; IELTS 7.0)

WORK EXPERIENCE

AviaGames May 2026 – Aug 2026

Product Design Intern, Business Platform

- Designed end-to-end referral flows for Project P7 across multiple mobile games, covering in-game entry points, referral sharing, reward presentation, and landing page conversion.
- Designed and developed 30+ responsive HTML campaign templates; used A/B testing to optimize visual hierarchy, copy, and CTAs, identifying 14 templates associated with up to 13.77% higher open rates and 32.79% higher reactivation.

NationSky Jun 2024 – Sep 2024

UI/UX Design Intern

- Designed mobile and desktop interfaces for enterprise insurance and risk-control platforms, improving data-entry workflows and search navigation.
- Contributed to reusable UI component libraries and standardized interaction states to improve design consistency and developer handoff.

CCTV Pioneer Media & Entertainment Co., Ltd. Jun 2023 – Aug 2023

Visual & Motion Design Intern

- Created animated storyboards and visual assets for 3 multimedia projects using After Effects; organized 100+ media assets to streamline production handoff.

DESIGN PROJECTS

EaseHome | Mobile App & UX Design

- Conducted user interviews and mapped relocation pain points, user journeys, and information architecture for an urban relocation management app.
- Designed high-fidelity interfaces and interactive prototypes for property management, information updates, community communication, and moving coordination.

SafeStep | Assistive Mobility Product & Inclusive Design

- Researched mobility barriers for older adults through user and market research; developed a smart walker concept featuring a detachable cane, pressure-sensitive braking, traffic alerts, lighting, and storage.
- Modeled product concepts in Rhino and Blender and refined operating flows through interaction simulations and user feedback.

ADAPT Theatre | Accessible Puppet & Interaction Design

- Co-designed and fabricated accessible puppets and stage props for wheelchair-using performers in ADAPT Theatre's Tarzan production, adapting structures and mounting systems for wheelchair compatibility.
- Developed interactive mechanisms using Arduino and physical prototyping, considering performer reach, ease of operation, and safe interaction during live performance.
